ONLINE JOB POSTING TRENDS

KEY MESSAGES

While recognising that the data from this source can vary from month to month and readers should avoid drawing conclusions on the basis of one month's figures, the latest data shows that:

- ▶ There were **14,800** new online job postings in June 2023. This was a 10% decrease from May 2023 and there was no change annually.
- ▶ There was also a 4% decrease in the UK job postings over the month, however there was no change annually.
- ▶ Over the last 3 months, the Administrative and Support Service Activities industry has been the top industry and had a continuous increase in postings reaching an overall 19% increase since April. On the contrary, the Human Health and Social Work Activities has faced it's second consecutive month outside the top 3 industries with a 36% decrease in postings since April.

* Figures correct as of 04/07/23
